**Subject: Proposed Change to Patrol Unit Design**

---

### **DISCUSSION:**

The current design concept of our patrol vehicles was first implemented in February of 1996 and has been the same with little to no changes since that time.

It has been almost 10 years since our current graphic and design concept has been looked at for changes. We would like to change our current graphic and design concept to a more modern look. We propose to do this by changing the graphic design as new vehicles come into service and leave the existing vehicles as is until they are rotated out of service.

Attached for your review is the proposed changes to our graphic and design concept.

### **IMPACT ON BUDGET:**

None.
