Subject: Resolution Supporting the Reinstatement of Prop 42 Funding

Discussion:

The League of California Cities has requested that the Council consider a Resolution in agreement with the League and other cities to restore funding for infrastructure projects allocated through Proposition 42. The voters passed Prop 42 in 2002, and the sales tax on gasoline sales was supposed to go towards funding infrastructure projects. However, those funds have been diverted since that time to other recipients and the attached Resolution 2006-10 calls for the return of the funds and the future allocations as well.

Budget Impact:

Impact would come in the form of being able to complete certain infrastructure projects with the necessary additional funding, however the exact dollar amount of impact is difficult to measure.

Recommendation:

That Council, by motion, pass the attached Resolution 2006-10 to support the securing of local transportation funding.
