**STAFF REPORT**

**Background:**

On March 21, 2007 the U.S. Economic Development Administration allocated funds from the Planning and Development Assistance Program for the City of Lemoore Industrial Wastewater Disposal Study. This project is to determine the efficacy of disposing of treated industrial effluent for irrigation purposes to land proposed as the new discharge point for the City's wastewater system.

**Budget Impact:**

The Economic Development Administration will provide funding for this project up to \$165,000. The local matching fund requirement of \$110,000 would be provided through the Sewer fund's 2007-08 operations and maintenance budget.

**Recommendation:**

It is recommended that Council authorize staff to issue a Request For Proposal for the Industrial Wastewater Disposal Study project.
