

Proposed Power Plant Open House

KRCD COMMUNITY POWER PLANT

Energy for our Future

The Kings River Conservation District (KRCD) is hosting an Open House for the proposed KRCD Community Power Plant.

This event will introduce our proposed plans prior to the submittal of an Application for Certification to the California Energy Commission (CEC). Topics of discussion include KRCD's goals, local energy conditions, the project vision, the CEC process and the project's relation to the new Community Choice program.

Please encourage every interested party to attend. This will be an opportunity to ask questions, provide input, and meet the KRCD team. Refreshments will be provided.
