23 February, 2007

Ms. Julia Judd
Executive Director
Solar Electric Power Association
1341 Connecticut Avenue NW, Suite 3.2
Washington, D.C. 20036

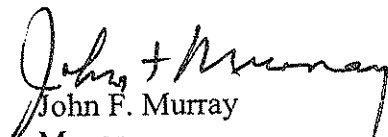

Dear Ms. Judd,

On behalf of the City of Lemoore, California, I would like to express our sincere thanks for your presentation to the Southern San Joaquin Valley Division of the California League of Cities on February 21st 2007.

Lemoore is, as you know, attempting to become a Valley leader in the solar technology field and your talk was both timely and informative, and certainly interesting. I believe you helped gain some new advocates in this exciting new field based on some of the comments I have heard. It would not surprise me if you had a number of new attendees at the next Solar Power Conference in Long Beach. We are proud of Governor Schwarzenegger's GO Solar California initiative and look forward to advancing solar electricity throughout our area.

Thanks again for making the long trip from Washington D.C. I hope you had a pleasant stay and hope to see you in September.

Sincerely,

John F. Murray
Mayor
