Subject: Federal funding

We have received the funds from our Federal Appropriations Request. Attached is a check in the amount of \$151,986.25. As you know, the funds are to go toward the salary of an additional officer to increase the number of investigators at NTF. A portion of the funds can also be used for "limited" equipment purchases for that additional officer. DOJ emphasized that the money cannot accumulate interest and therefore must be in an appropriate account. Corcoran Police Department will be required to submit reports on the use of the funds. We ask that you please keep detailed records so that we are able to submit all data requested in a timely manner. I suspect that they may want to know how much of the funds have been spent at any given time, equipment purchased etc.

Thanks again for the outstanding teamwork. We were able to secure, in our first attempt, funds that will essentially double the size of our task force. I was able to meet with Jim Costa briefly and thanked him on our behalf for his effort. I have invited him to come visit our operation when we get the additional personnel on board.
