To: Lemoore City Council
From: Jeff Britz, City Manager
Date: December 30, 2008
Subject: Update from City Engineer

SS Item #2

Discussion:

On Tuesday afternoon, City Engineer Harry Tow, from Quad Knopf, will provide an update to the Council on key long-term engineering projects, including the status of the \$6 M arsenic mitigation water project, future wastewater treatment and disposal alternatives, and major street paving and ongoing maintenance efforts.

This will also be an excellent opportunity to ask questions about any other Capital Improvement Project that the City Engineer may be involved with.

Budget Impact:

None.

Recommendation:

For Council discussion only.
