Staff Report

ITEM
NO.

3E

To: Lemoore City Council
From: Joe Simonson, Parks & Recreation Director
Date: September 10, 2009
Subject: Train Depot Floor Repair

Discussion:

The Lemoore Chamber of Commerce notified the Building Department that a section of floor inside the freight room of the Train Depot is collapsing. The Building Department determined that framing material used could not support itself and caused the floor to sink. It has become a safety and trip hazard. Our staff has temporarily supported the floor. This section of floor needs additional support. An outside contractor has given us an estimate of \$2,400.

Budget Impact:

A \$2,400 one time increase to the Buildings General Fund account number 4220-4350.

Recommendation:

That Council approves, by motion, the budget amendment of \$2,400 for the needed repairs at the Train Depot, with funding coming from a one time increase to the General Fund.
