

City of Lemoore Mayor Murray
119 Fox St.
Lemoore Ca 93245

To Mayor Murray.

I will be moving out of city limits effective 15 July 2010 and therefore will be resigning from the Lemoore Planning Commission effective 15 July 2010. I have truly enjoyed serving since 8-16-1994.

The staff and all present & prior commissioners have been a joy to work with. The learning curve of government work is truly a worthwhile experience.

I thank the staff and city of Lemoore for allowing me to serve these past years. It has been enjoyable.

Sincerely

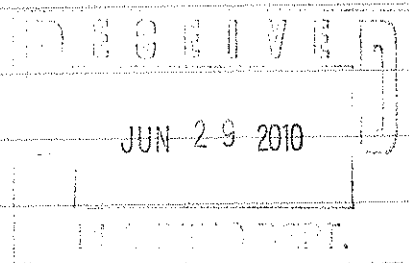

Neil Demond

Re: Planning Commission Vacancy

Ms. Lima:

In reference to the posting on the City website, please include my name and credentials for consideration in the vacancy of Planning Commissioner. I have enclosed a copy of my resume to outline my background.

I have long history of public service, having served as a volunteer firefighter (6 years), an Emergency Management Officer (8 years) and Lead Emergency Chaplain (8 years), prior to my relocation to Lemoore in early June 2010. I also served by appointment to the Airport Advisory Board of the City of Bentonville, Arkansas, from 2009 to 2010.

With Lemoore being my family's new home, I want to make sure that Lemoore remains a safe place to live, work and raise a family. By showing my children how important community service is, I instill in them (and others) pride in their community and the value of being a good steward of our resources.

I look forward to the opportunity to serve the City, if called upon.

Sincerely,

Jerome Grotts

CITY CLERK'S OFFICE

I David W. Brown am respectfully submitting the following information for consideration for the current and upcoming vacant position on the City of Lemoore Planning Commission.

The reason I am applying for this position and have the desire to be part of this Committee is that I believe I can in a positive way assist this team in providing our city and our city council with the necessary recommendations and proposals to benefit our city as we go into the future while sustaining our small town atmosphere.

Though I have only lived in Lemoore since January 2004, myself and my family call Lemoore home. Listed below are my personal information and the experience I have that I believe would be beneficial to this position. Please feel free to contact me if there are questions or concerns or if further information is needed.

* Currently employed full time by the Dept of Navy, Naval Facilities Engineering Command Lemoore as a Construction Mechanical Engineering Technician, Planner and Estimator for Public Works Division Lemoore NAS. Conduct Construction Planning and Estimating for repair and replacement of most of Lemoore NAS building mechanical systems to include HVAC, Plumbing, Boilers, Domestic Water, Wastewater, Industrial Waste, Stormwater and Natural Gas systems. Responsible for customer interface, development of designs, plans, and specifications for facility projects requiring the independent application of background data, the interpretation and use of numerous precedents, and the coordination of several skills and trades. Projects typically involve moderately complex engineering work on relatively large real property facilities and systems characterized by the need for frequent and substantial changes to or deviations from original plans and specifications. Provide guidance to Public Works organization personnel on construction methods and procedures. Conduct sight investigation studies. Conduct and participate in meetings with management, organizational personnel and contractors discussing project goals and guidelines. Communicate with Public Works Supervisors, Managers and FEAD (Facility Engineering and Acquisition Division) on determining whether to allow shop personnel to do detailed projects or to send project out for contract. Assure work performed by contractors is completed in an accurate, safe and timely manner.

*Plumber Commercial/Residential 10 yrs experience.

*Aircraft Mechanic: 12 yrs experience.

*Moved to California on January 2004. I am a resident of the City of Lemoore.

*Retired Nebraska Air National Guard 22 yrs service, 12 of those years were active duty Air Force.

*My wife Dianne retired from the Air Force in 1998. We have five children which the youngest of 15 yrs. The others are adults, two of our sons live in Lemoore and have purchased homes and call Lemoore home.

Respectfully,

Dave Brown

CITY CLERK'S OFFICE

To: Mayor John Murray
Lemoore City Council

From: Jeffrey Garcia, O.D.

Re: Lemoore Planning Commission Seat Vacancy

I would like to be considered to fill the unexpired term of Mel Ormonde on the Lemoore Planning Commission.

These are trying times for Communities all across America. We are a Nation at war, and face serious economic issues both locally and nationally. I would like to become an active member of this Commission and help our Community not only survive, but thrive.

Some of my qualifications include:

- *Small business owner in Downtown Lemoore since 1996.
- * Resident of Lemoore since 1993.
- * Member of the Downtown Revitalization Committee for over ten years.
- * Lemoore Chamber of Commerce Board of Director for over ten years. Past President.
- *Sarah A. Mooney Board of Director for 6 years. Past President.
- *Active member of the Lemoore Lions Club. Past President.
- *Active member of the Tulare and Kings County Optometric Society. Past President.
- *Served on the General Plan Steering Committee.
- *Active member of the United States Naval Reserve for 23 years.

I believe I bring a varied background to the table. I am a critical thinker and enjoy problem solving. I try to see both sides of issues and try to find consensus when possible. I see myself as a Team Player and I am comfortable working in a Board environment.

Thank you for considering me for a position on the Lemoore Planning Commission.

Respectfully,

Jeffrey Garcia, O.D.
